

## SYMPHONY SERIES® - CELLO

Symphony Series® presents an innovative design of a balanced, interlaced curve that is the same visually on each side.

What is achievable is a product that is visually beautiful and exceptionally durable and long-lasting like hardwood, with the added benefits of being sustainable. It is suitable for both indoor and outdoor applications, allowing you to create an internal-external transition by selecting the same material.

## SYMPHONY SERIES® - CELLO

Symphony Series® presents an innovative design of a balanced, interlaced curve that is the same visually on each side. We have created engineered bamboo from solid bamboo strips pressed together and then machined. What is achievable is a product that is visually beautiful and exceptionally durable and long-lasting like hardwood, with the added benefits of being sustainable. It is suitable for both indoor and outdoor applications, allowing you to create an internal-external transition by selecting the same material.

- Pre-oiled for outdoor weather
- Multiple applications
